

# Colors of Fall Wreath

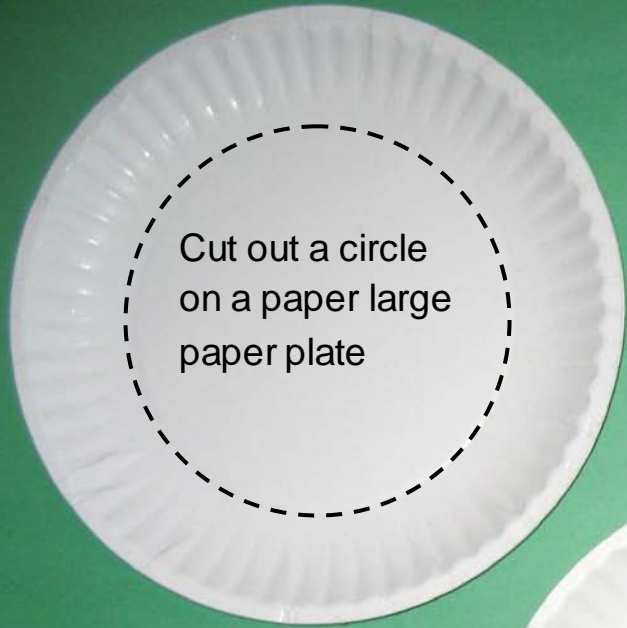

## Supplies Needed:

- Paper Plate
- Glue
- Yarn
- Tape
- Cardstock- yellow, red, yellow and green
- Marker
- Scissors

Tape a large paper plate and cut out the middle of the plate. This will give you the wreath shape. Cut out assorted leaves in different colors. (Sample above shows leaves cut out using a Cricket Expression).

Have children glue leaves around the paper plate. When dry, write out with a marker "Colors of Fall" on a piece of white card stock, trim and attach to a red piece of card stock. Glue to the wreath.

Using a piece of yard, tape it to the back side of the paper plate so the fall wreath can be hung up.

Cut out a circle  
on a paper large  
paper plate

## Leaf Template

Print up the following leaf template sheet onto white card stock, cut leaves out and trace onto color card stock. (Red, green, yellow and orange).

Another option: Print the leaf template directly onto the colored card stock, and cut out.

Have children glue cut out leaves onto the paper plate to make a wreath.
